## 5 Read the text and answer the questions:

I read a book about the plant habitats. A habitat is a place where living things live and grow. Plants that live in the desert habitat don't need a lot of water like tamarisk and acacia. There is not much rain in the desert. Unlike reed that needs a lot of water, so it lives near rivers and lakes. Other plants live in the agricultural habitat like the bean plant. Farmers work in the agricultural habitat and grow food for us.

### (A) Choose the correct answer from a, b, c or d:

1. .................... can grow in the desert because it doesn't need a lot water.

   **a.** Bean plant **b.** Acacia **c.** Lotus flower **d.** Reed

2. Farmers work in the .................... habitat.
